

CYLINDER HEAD

PA0005 – BCH021

As part of our extensive range of engine parts, we offer an additional variant of the Ford 2.2 TDCi Cylinder Head.

This engine, produced by Ford, was fitted between 2006 and 2013. The BCH021 variant is suitable for Front Wheel Drive applications across Ford, Citroën, Peugeot, and Fiat vehicles.

View the applications below for more information on the different options for this engine.

Make	Model	Engine Size	Dates	Engine Codes
