

# TIMING CHAIN KIT

PA0015 - TCK47

FAI's TCK47 timing chain kit fits Ford Duratorq 2.0, 2.2, and 2.4 litre engines (up to 2006), replacing the need to stock multiple kits.

- One kit covers all relevant Duratorq applications.
- Competing suppliers may require up to eight separate part numbers for the same coverage.
- Direct replacement for OE timing chains and ancillaries on Transit and Mondeo engines.
- Can also upgrade lower or intermediate power engines from simplex or light-duty duplex chains.

Make	Model	Engine Size
FORD	MONDEO   TRANSIT	2.0/2.4 TDCi
